

# School of Distance Learning

# about Distance Learning

Distance Education is an educational process and system in which all or a significant proportion of the teaching is carried out by someone at a distance from the learner. Distance education is very beneficial for candidates who wish to pursue their higher studies, but do not have the time to do so. Students can pursue their studies by not attending regular classes in the campus. Thus, the motto of Distance learning program of the University is to overcome the socio-economic and geographical bindings in getting higher education and to continue learning by people who stay at remote places or already employed, housewives etc.

Distance education has opened the gates of **“Learning Anytime Anywhere”**

**The objective of Distance Education is to:**

- Acquire Knowledge
- Enhancing Qualifications
- Career Enhancement/Promotion
- Social Status
- To provide high quality, value- based career-oriented education to students and working professionals.
- To facilitate students in understanding, developing, integration and applying both core and specialized concepts and practices.
- To provide students with a stimulating and learning-friendly atmosphere so that they can utilize their intellectual capacities to specialize in various areas of study.
- To produce energetic, effective, efficient and ethically driven graduates and postgraduates to serve society.

The **School of Distance Learning, Jagan Nath University**, uses distance learning as an alternative to regular courses in order to make the course materials accessible to large number of students countrywide. Distance learning courses are delivered primarily via the internet and offer new teaching methodologies, specially designed course materials by the specialists from various universities and industries, and tailored means of delivery. Where appropriate, videoconferencing sessions are organized to simulate an academic environment. The greatest advantage of distance learning as a study methodology is that its reach is not confined by such constraints as geographical location & time. Thus, any registered student, anywhere in the country, can benefit from Jagan Nath University's distance learning program at a time and place convenient to him.

UNIVERSITY

# about School of Distance Learning

**(Approved by Distance Education Council and the Joint committee of UGC-AICTE-DEC)**

The School of Distance Learning, Jagan Nath University has been established and approved by Distance Education Council in the year 2010. The School is well equipped with computer and other infrastructure, adequate teaching faculty and administrative set-up of its own, computer training centres, etc., to serve its students clientele in their best interest at their door steps.

The Distance learning programs of Jagan Nath University has:

- Sector-specific and Job-oriented.
- Modern up-to-date Curriculum.
- Lateral Entry for diploma holders in the related degree programmes.
- Effective Personal Contact Programme.
- Adequate hands-on training for Computer Practicals.
- Examination conducted twice in a year.

## Design and Structure of the Program

Distance education simply means imparting education from a distance wherein the teacher and the student are physically separated. In terms of design and structure, the common features of Bachelors and Masters degree programs are as follows:

### Instruction Methodology

The medium of instruction is English. The state-of-the-art distance learning methodology includes:

- Internet-supported Audio/Video course ware.
- Virtual classrooms through on-line teaching & training.
- Videoconferencing through VSAT.
- Audiovisual of multimedia products.
- CD/DVDs versions of distance learning course wares.

### Comprehensive Course Content

Comprehensive course ware will be supplied to all the candidates. Each book is divided into units. Each unit is written in self-instructional style and consists of introduction, objectives, structures of units, main contents, self test activities and suggested reading. In addition, students will be encouraged to refer recommended books, wherever necessary.

### Assignments

Assignments are an integral component of distance education. The assignments are uploaded on to the website during each session, to be submitted by the students. Assignments serve the purpose of evaluation of the student's performance. Local Counselors, who also provide feedback on a student's performance, evaluate these assignments.

## Academic Support

Counseling is an important activity in distance education and is entirely different from usual classroom teaching. Counselors answer questions during counseling sessions besides clarifying doubts of students and helping them to overcome difficulties they face while going through the study material. These counseling sessions also offers students an opportunity to interact with their peers.

### Practical Training

Depending upon the structure of the subject, a required amount of practical training is imparted to the students at the learning centres. Practical training is necessary in order to understand the real & practical aspects/ implications of that particular subject.

## Teaching Methodology

The University follows a unique pedagogy for the courses offered through distance mode. So that students can learn with latitude and empathy: The pedagogy lays emphasis on:

- Clear conceptual understanding of subjects through contact classes
- Reinforcement of learned concepts through case studies and audio-visual aids.
- Wide range of human skills and techniques for creative thinking & decision making.
- Practice through assignment and projects.
- Communication skills, leadership & Teamwork skills gained through various group activities.
- Application by real life training.

“Believe in the best ... have a goal for the best, never be satisfied with less than your best, try your best, and in the long run things will turn out for the best.”

- Henry Ford

# Streams Offered

## The Management Programme (MBA, BBA)

To achieve a leadership position in the highly competitive corporate environment the budding managers need to develop a strong vision for their companies, apart from having a terrific sense of commitment, professional expertise, determination, great motivational skills and leadership qualities.

According to the growth rate of India in terms of power parity, it implies that we can beat United States within next 25 to 30 years and become economically the strongest country in the world. For this, the Government of India needs to support the Indian organizations with suitable pro-people & pro-Indian policies, which would help Indian organizations in becoming stronger to compete in the world market successfully. Future leaders should be aware of this and not remain intellectually handicapped. The University strives for these commitments and continuously endeavors to educate its students and associates on such issues with the belief that sooner or later, structured economic independence can be achieved through a combined effort. The MBA and BBA Programmes offered to Distance mode are fully updated to meet the Business and Social requirements. It Aims at Nurturing highly motivated Business Executives to meet the challenges and to Cope up with increasingly diverse work force.

**MBA Specialization** (in 4th Semester):

Marketing, Finance, HR, IT, International Business, Hospital Administration & Retail.

**Dual specialization will offered in 5th Semester.**

## The Computer Sc and IT Programme (MCA, BCA, PGDCA)

“Innovation is the central issue in economic prosperity” – Michael Porter

Computer Applications is a branch which has been derived from computer science. It simply refers to the use of computer and other technologies for the management of vast information. This branch develops technologies for information management and also solves information management strategies by planning and studying the requirement scenario. It is the study of how computers process and manage all the information.

With the advent of the computer technology era, software application and communication systems have become an integral component of every organization's strategic plan. At Jagan Nath University 'IT' is defined with a different fervor – “Innovating Tomorrow”. With India as an IT giant, our endeavours will be in making today's youth, tomorrow's innovators. Keeping in view the Post Graduate and Undergraduate Programme at School of Distance learning Jagan Nath University boast of a sound academic base, well balanced course structures to emphasize on planning, designing and building of complex commercial application along with functional knowledge for a career in the field of computer application.
